FOUR GOP SOLONS PLAN BRIEFING ON BATTLEFIELD

Four prominent Republican congressmen, Joseph W. Martin Jr., Massachusetts; Leo E. Allen, Illinois; Fred Schwengel, Iowa, and J. Walter Stauffer, Adams-York-Cumberland District, will come to Gettysburg Sunday for a tour of the battlefield and dinner at the Hotel Gettysburg. The group will be the guests of The Gettysburg Times.

Allen, a member of the Lincoln Sesquicentennial Commission, and Schwengel, a member of the Civil War Centennial Commission, are both extremely interested in the forthcoming memorial activities which will mark the respective anniversaries. Since Gettysburg is the area most significantly associated with Lincoln and the Civil War as the site of the decisive battle and the Gettysburg Address, the congressmen are briefing themselves on the historic heritage enshrined here.

Congressman Martin, a top GOP policy maker, has been a member of Congress since 1924 and twice speaker of the House in the Eightieth and Eighty-third Congresses. He has served as minority leader in each Congress since the Seventy-sixth except for the occasions when he was speaker. Publisher of the "Evening Chronicle" in North Attleboro, Mass., and the Franklin Sentinel, Franklin, Mass., Martin began his political career with his election to the Massachusetts legislature in 1912.

Served Thirteen Terms
Allen, a graduate of the University of Michigan and a member of the law firm of Allen and Heer, Galena, Ill., has served in Congress since his election to the Seventy-seventh Congress in 1921.

16 COUNTIANS PLAN TO ATTEND 4-H CLUB WEEK

Although still three weeks away, the 34th annual 4-H Club Week at the Pennsylvania State University Campus, August 11-14, already is claiming the attention of Adams County Club members.

More than 1,000 boys and girls throughout the state are expected to attend. Delegates attending, including ones from Adams County, will be housed in dormitories on the campus.

Participation Rules
To be eligible for attending Club Week, 4-H members must have one year of completed club work and be over 14 years of age by August 1, 1958.

Those representing the agriculture 4-H Clubs include: Helen Re, Biglerville; Stephen Murren, Hanover; Strayer Yake, New Oxford; Glenn Moul, Hanover; Robert Smith, York Springs; Carolyn Guise, Gettysburg; Margaret Sterner, Gettysburg; Robert Hay, Gettysburg; and Susan Todd, Littlestown.

The Extension service feels "Club Week is one of the big events on the 4-H program each year." The agricultural and home economics extension staff is in charge of the 4-H program in Adams County.

Delegates from the county home-making clubs are: Lorraine Kane, Fairfield; Velma Brough, Littleton; Judy Wildasin, Conewago; Nancy Ditzler, South Mountain; Barbara Golden, Littlestown; Mary Jane Bowman, Brantown; Anna Strausbaugh, Abbottstown. Expect President Here This Afternoon

President Eisenhower is expected to travel to Gettysburg by helicopter late this afternoon unless inclement weather interferes with the air trip. In that case the President will drive to Gettysburg accompanied by Mrs. Eisenhower.

Should the crisis in the Middle East demand his attention the President may postpone the trip until Saturday or cancel it.

James C. Hager, White House press secretary, said the President would like to rest over the weekend, but would stay at his desk if the situation required.

Mrs. John Eisenhower and children are at their home on the President's farm.

NEITHER MEADE NOR LEE PICKED BATTLEGROUND

How General Meade on the morning of July 1, 1863, still planned to fight at Big Pipe Creek, near Taneytown and how Lee nearly on the same morning anticipated a battle at the Cashtown pass was described by Dr. Frederick Tilberg, local National Park historian, at Thursday evening's meeting of the Gettysburg Civil War Round Table.

Lee's desire to fight at Cashtown pass are based on inference more than general orders, but Meade early on the morning of July 1, 95 years ago, put out a general order directing the troops to fight at Pipe Creek.

Neither commander had his way and the battle was fought at Gettysburg.

Picked Good Locations
Members of the Round Table visiting the sites were agreed with the respective general that their choice of location would have given them greater advantages than they were to find at Gettysburg.

Had Lee been able to fight at Cashtown pass Union troops would have had to cross miles of relatively flat ground before approaching the heights near Cashtown where Lee would have been entrenched.

Had Meade been able to fight at Pipe Creek, the Confederates would have had to approach over rolling country, cross a creek and assault heights on the southern side of the stream.

Example Of Speedy Grouping
Dr. Tilberg explained that "on June 28 at Chambersburg Lee made a change in his plans, and ordered his units to concentrate at Cashtown pass. Since the change in plans came after Lee had learned from the scout, Harrison, that Meade was following after the Confederate army, on the other side of the mountains, we can infer that Lee was planning to meet the Union Army near Cashtown."

"The troops that had ranged far ahead at Carlisle and York were ordered back to the Cashtown pass, so we can even more strongly infer that Lee planned a battle there."

"The Confederate army gave an outstanding example of speedy grouping. Had Lee been able to fight at Cashtown pass he would have had all the advantages with him. If he won, the Hilltown road, (Continued On Page 2)

L. E. Allamong, 70, Iron Springs R. 1, was blamed Thursday afternoon by borough police for an automobile accident at the intersection of West and W. Middle Sts. at 1:10 o'clock with a car driven by Betty M. Barnes, 29, 316 Ridge Ave. Police said Allamong will be charged with failing to stop at a stop sign before entering a through street.

Allamong told investigating authorities he was driving North on West St. and stopped at the stop sign but did not see anyone approaching.

Mrs. Barnes said he was driving west on W. Middle St. when the Allamong car drove in front of her and she was unable to stop. He was commenting on an announcement from Damascus Thursday that an unidentified jet fighter plane was shot down while intruding on the air space of the United Arab Republic. The Syrian announcement claimed that the downed plane crashed and burned in Lebanese territory.

Jordan's acute oil shortage has been eased, informed sources there said today.

Use Tank Trucks
The first oil from the port of Aqaba has reached Amman, Jordan's capital, in 140 big tank trucks which brought it from the British-owned tanker Clyde Explorer.

An American-owned tanker is coming to Aqaba with an additional shipment and the operation is set to proceed smoothly henceforth. The oil presumably is coming from the Persian Gulf.

President Eisenhower Will Tell Reds Summit Talks Must Be Conducted Under U.N. Rules

WASHINGTON (AP) — President Eisenhower today dispatched a note to Soviet Premier Khrushchev insisting that arrangements for any U.N. summit conference on the Middle East crisis must be made by the Security Council at New York.

The note was written by Eisenhower and Dulles Thursday and cleared with British and French leaders early today. It was handed to Soviet Ambassador Mikhail A. Menshikov by Dulles at the State Department a few minutes after 1 p.m. The White House arranged for its publication about an hour later.

It was learned in advance, however, that the essence of the President's message was that it should be up to the Security Council itself to set the time and determine the composition and work out other plans for the meeting.

This decision came after Khrushchev's acceptance Wednesday of a British proposal to hold the meeting in the U.N. Security Council.

Eisenhower thus slowed down the pell mell rush to the summit which Khrushchev seemed to set off a week ago with his demand for an immediate emergency meeting at Geneva.

Eisenhower also was obviously intent upon having the Security Council fix the ground rules for the meeting. He and Dulles consider this preferable to any kind of a special five-power conference outside the U.N. as originally suggested by Khrushchev.

Tense Mideast At A Glance

By THE ASSOCIATED PRESS
WASHINGTON — President Eisenhower expected to tell Premier Khrushchev projected summit meeting must be conducted entirely within United Nations framework. House Foreign Affairs Committee members reported convinced Russians will try to use summit as propaganda sounding board.

LONDON — British reported in agreement with United States on reply to Khrushchev; ousted Iraqi minister blames Mideast crisis on "creation of synthetic state of Israel by Western Powers."

UNITED NATIONS — Secret consultations under way to settle issue of Iraqi representation in advance of Security Council summit meeting so as to avoid starting session with a fuss.

PARIS — Premier de Gaulle still reported cool to Security Council as site for summit, expected to reply to Khrushchev Saturday.

CAIRO — U.S. Ambassador Hare summoned to U.A.R. Foreign Ministry; Egyptian editor says Khrushchev told Nasser Soviet power could turn U.S. 6th Fleet off Lebanon "into coils of molten steel."

AMMAN — Tanker arrives to ease Jordan oil shortage; U.S. airlift no longer needed.

Fulbright told reporters after a 40-minute session with Macomber that this was his understanding of the note: "By and large the attitude of this government will be that this will be a meeting of the United Nations Security Council and not just a meeting of the head of state near the U. N. Security Council."

Fulbright said the note insists that neither the Soviets nor the United States should pick and choose those who would be invited to attend.

May Invite Others
Fulbright said his interpretation of U.S. insistence on sticking by the rules of the Security Council would mean that India's Nehru, Egypt's Nasser or Israel's Ben-Gurion would attend only as they might be invited by the Security Council.

Local Woman Is Bitten By Dog

Mrs. Bradley Rosensteel suffered scratches of the leg and a puncture wound of the right arm Thursday afternoon when she was bitten by a dog near her home, 312 Baltimore St.

Borough police reported that Mrs. Rosensteel had taken a dog, "Jimmy," for a walk in the alley to the rear of her home when a dog owned, police said, by Robert C. Hartley Jr., Wainwright Ave., came upon Mrs. Rosensteel and the pet she was walking.

Mrs. Rosensteel said the Hartley boxer first attacked the dog with her, and then turned upon her, ripping off a shoe, scratching her leg and biting her arm. One tooth of the dog, she said, became imbedded in her arm. She screamed for help and others came to drive off the dog with a stick, Mrs. Rosensteel said.

She was treated for the injury and police directed that the Hartleys keep their dog in close quarantine for ten days.

PARK SERVICE GIVEN ITEMS LINKED TO '63

The Gettysburg National Military Park has received several donations from residents of Gettysburg, Superintendent James Myers said today.

Among items presented by Mrs. J. A. Holtzworth, 131 N. Washington St., are an engraved pocket watch found at Devil's Den by W. D. Holtzworth, an account of the circumstances surrounding the death of General John F. Reynolds here on July 1, 1863, written by his orderly, C. H. Veil, to W. D. Holtzworth, in 1866, and a manuscript copy of the report of his division's participation in the battle submitted by Brigadier General Alexander Hays. Units of Hays' division took part in the fighting in the Westfield area on July 3 and assisted in the repulse of "Pickett's Charge" on July 3 from their position north of the Copse of Trees.

Mrs. Harry Troette, 763 Baltimore St., has donated a copy of an address delivered by a Francis Wiggen, a veteran of the 16th Maine Regiment, before the Loyal Legion Commandery of Maine in Portland in 1916. In this address Wiggen gave a brief account of the war and contrasted that period with the national scene 50 years later. Particular attention was paid to the 50th anniversary celebration of the Battle of Gettysburg and the 1915 GAR encampment in Washington, D. C.

Another donation consisted of portions of several newspapers including the Philadelphia North American dated February 1, 1909, and The Sunday Evening Times of June 29, 1913, which featured articles on Lincoln and Gettysburg. These items and a booklet, "Gettysburg Made Plain," by Abner Doubleday, were presented to the park by Miss Lulu Hankey, 90 York St.

Jacob M. Sheads, 118 N. Stratton St., has presented the park with several items associated with the battle itself. Included among these are four photographs: two of Confederate surgeons, one of a Union surgeon and one of a Confederate chaplain, all of whom gave aid to the wounded at Gettysburg. These photographs have been in the possession of the Sheads family since the Civil War. Mr. Sheads has also donated a Hotchkiss shell found by his father in the Gettysburg area. The shell was described as particularly interesting because its lead rotating band clearly shows the imprint of the rifling of the gun that fired it. Though once explosive, the shell has been rendered safe by Army Ordnance experts.

SPACE MOUSE IS BELIEVED TO BE LOST AT SEA

CAPE CANAVERAL, Fla. (AP)—Specially equipped ships and planes continued searching the Atlantic today but hope dimmed that Wickie the space mouse would be recovered inside a nose cone after an intercontinental range flight.

The tiny white mouse was enclosed in the nose cone of a Thor-Able rocket that streaked 5,000 miles through space Wednesday.

The recovery unit resumed the search in the South Atlantic near Ascension Island, but Air Force officials said today's effort probably would be the last attempt to find the nose cone.

The hunt was called off temporarily Thursday night when darkness closed in and the searchers failed to receive signals from a beacon transmitter inside the nose cone recovery package.

Supported By Balloon

Once the nose cone hit the water after a blazing, 12,000 m.p.h. re-entry from space, a 27-inch orange and blue balloon inflated automatically. The balloon floated on the surface with the nose cone suspended 30 feet below, but it appeared as a dot in the wide expanse of ocean.

Wickie still was alive she had enough oxygen, food and water to last for about six weeks. Technicians still were analyzing telemetry data which will tell how the mouse's heart reacted to the hectic journey.

Under the new system, the original receipt will go to the defendant, the second copy will be mailed to the Revenue Department with the magistrate's monthly report and the third copy will remain as part of the magistrate's records.

which ran through Hilltown to Mummansburg to East Berlin to York would be before him and he could have moved at will to Philadelphia, or Washington or Harrisburg or wherever he might wish to go. If he lost he would have the mountain passes through which to retreat back into the valley on the other side of the mountains and thus on back to Virginia.

Gettysburg Not In Plans

"Gettysburg hardly entered into the plans. It was off the main road. Even though only a trace of much of it remains today, the Hilltown Rd. was the main thoroughfare. Cashtown also was relatively unimportant. And so we find the Confederate forces converging on the Cashtown pass. While they were enroute, Hill, who had moved from Cashtown to Gettysburg, became engaged with Buford cavalry from Cashtown to Gettysburg, began. The Confederate units heading off to Gettysburg and the battle developed.

"General Meade's intentions are better known because of the order he issued early on the morning of July 1. The battle was about to begin at Gettysburg, but Meade was at Taneytown planning a line approximately 25 miles long along the south bank of Pipe Creek. Meade said in his memorandum to all officers early on the morning of July 1 that he was 'satisfied that the movement of the army in this direction has been accomplished, that is, the relief of Harrisburg and the prevention of the enemy's intended invasion of Philadelphia.'

"The order came after Meade had learned that Lee had turned across the mountains at Cashtown. Meade wrote his commanders that 'if the enemy assume the offense and attack it is his intention, after holding them in check sufficiently long, to withdraw the trains and other impediments; to withdraw the army from its present position and form line of battle with the left resting in the neighborhood of Middleburg and the right at Manchester.'

Meade's Orders

"Meade wrote: 'For this purpose General Reynolds, in command of the left, will withdraw the force at present at Gettysburg, two corps by the road to Taneytown and Westminster and after crossing Pipe Creek deploy toward Middleburg. The corps at Emmitsburg will be withdrawn via Mechanicsville to Middleburg, or if a more direct route can be found leaving Taneytown to their left to withdraw direct to Middleburg.'

"General Slocum will assume command of the two corps at Hanover and Two Taverns and withdraw them, via Union Mills, deploying one to the right and one to the left after crossing Pipe Creek, connecting on the left with General Reynolds and communicating his right to General Sedgwick at Manchester, who will connect with him and form the right.'

Meade's order gave further details of the deployment of the troops along Pipe Creek and told the corps commanders to familiarize themselves thoroughly with the country indicated. He said the order was 'communicated as a general plan for receiving attack,' then added, 'Developments may cause the commanding general to assume the offensive from his present positions.'

"Those developments came about and the battle was fought at Gettysburg, instead of Pipe Creek."

Next month the Round Table will go to Harpers Ferry in another of its summer tours.

Al Askari is the nephew of the slain Premier Nuri said.

Rebels Fire Arrows
With Dynamite Head

BEIRUT (AP)—A weapon of bygone wars—the bow and arrow—has come back into use in the Lebanese rebellion. But now it has a modern warhead.

The rebels are shooting cone-shaped dynamite charges into government positions with ordinary bows.

The unorthodox weapon was displayed by a rebel officer. A dynamite charge was attached to a heavy arrow. As soon as the fuse is lit, the arrow aims the arrow on a steep trajectory, timing it to explode just before hitting the ground up to 100 yards away.

BEIRUT, Lebanon (AP)—Rebel leader Saeb Salam said today the rebels will not permit presidential elections to be held as long as President Camille Chamoun is in power and foreign troops are in Lebanon.

"There will not be any election next week," Salam told newsmen.

ORDERED TO PAY WIFE'S LAWYER

William J. Gillan, former Chambersburg funeral director, was directed in an order handed down by Judge Chauncey M. Deput in Franklin County court at Chambersburg Wednesday to pay an additional \$75 to his estranged wife, Marie Gettysburg R. 3, for use as counsel fees in defending a divorce action initiated by the husband.

Gillan had resisted efforts of his wife to collect additional counsel fees, contending that he is financially unable to pay, and that under a stipulation when the divorce action was begun in 1957 he paid \$150 to his wife "in full payment of said defendant's counsel fees."

Noting that at the time of the hearing into Mrs. Gillan's petition for additional counsel fees Gillan was then \$620 in arrears in court-ordered support payments to his wife, Judge Deput in his opinion observed that despite his inability to keep abreast of support payments Gillan "has managed to keep the present divorce litigation in motion, irrespective of his showing of impecunious financial situation."

Since Gillan is the initiator of the divorce suit, the court added, "It is only natural that the law looks to him to place his wife in an economic situation where she can, if she desires, defend it."

All proceedings in the divorce suit have been stayed by the court pending Gillan's compliance with the directive to pay additional counsel fees to his wife.

The article by Mohammed Helkal in his newspaper Al Ahram also said Khurshchev called the 6th Fleet commander, Vice Adm. Charles R. At the United Nations, Secretary General Dag Hammarskjold announced he was setting up a seven-man group to advise him on enlarging the U.N. observer group in Lebanon.

The observers are working under a Security Council mandate to report any illegal shipments of arms and men into Lebanon from Syria. The Lebanese government has charged President Nasser's United Arab Republic has been helping the rebels via its Syrian province. By sending in more observers, Hammarskjold hopes to make it possible for the Americans to withdraw.

BRITISH JUDGE WILL SOON FREE DEFIANT ELWES

By HAL COOPER

LONDON (AP) — Penniless young Dominic Elwes was assured by a British judge today he soon will be free to rejoin his runaway heiress bride, the former Tessa Kennedy.

The 25-year-old son of international painter Simon Elwes is in prison on a contempt of court charge for marrying under-age Tessa twice—once in Cuba, once in New York—in defiance of a court order.

The good news that he and his bride, now 19, will shortly be back in one another's arm came during a hearing on an application by the young husband for his release.

Freedom Soon

Justice Sir Ronald Roxburgh said he would let Elwes out pretty soon. He wouldn't say exactly when, but indicated it might be before the end of the month.

Furthermore, Roxburgh said he had no intention of putting Tessa herself in jail, even if she did ignore a court order to return to its jurisdiction when she was on the romantic lam with her lover.

The marriage originally was opposed by both Tessa's father, shipping magnate Geoffrey Kennedy, and her mother, Mrs. Dasha McLean. But a lawyer for Mrs. McLean said she wanted to support the young Lochinvar's petition for release.

Gets Mother's Support

In an affidavit, Mrs. McLean said her daughter "is glad to be married to Dominic Elwes, with whom she appears to be deeply in love."

Elwes and his bride returned to England from the United States July 15. He was promptly clapped into prison on a contempt of court charge. The judge did not fix a definite jail term. In Britain such offenders customarily remain behind bars until the court feels they have purged themselves of contempt.

Elwes added he was anxious to be freed so that he and Tessa could "settle down to a contented life together."

ARDMORE, Okla. (AP) — Bob Fraley said he kept wondering why no one brought back any baseballs which had been knocked out of the park during sandlot games. He was offering 10 cents to the kids who returned them. Then Fraley learned that the home town pro team was offering 25 cents a piece and the kids were taking them over to its park.

ORPHANS' SHOW TAXES ACTORS' STAGE ROUTINE

LONDON (AP)—The first couple of British drama hobbled before the footlights early today with baggy pants, glassy grins and a collection of hurts and bruises.

When it came to jumping through the paper hoop, Sir Laurence Olivier yielded the stage. His actress wife, Vivien Leigh, struggled painfully through the knockabout stuff with their other partner in a clown act, actor John Mills.

Orphanage Benefit

It was all part of a gala midnight charity show, "The Night of a Hundred Stars," held at the London Palladium for the actors' orphanage fund.

The Olivier act might have been better if they hadn't rehearsed so energetically Thursday.

Sir Laurence strained a tendon. Vivien took a flying leap into the arms of Mills and gave out a scream that shook the theater-twisted knee.

Strapped Ribs

Mills slipped off quietly and got his rib strapped up.

The show went on but 52-year-old Laurence confined himself to singing with canes for support.

Vivien and Mills bravely struggled through the soft shoe routines and the rest of the clowning with a stand-in for Olivier.

Two Americans go into the show.

Kirk Douglas climbed on Burt Lancaster's shoulders. Dressed as stockbrokers, they sang "Maybe It's Because I'm a Londoner."

Ortanna — Mrs. Byron Cease is recovering from injuries she sustained from a fall at her home here last week when she severely injured her right arm and ankle.

Mrs. Alice Staub, Scotland, spent the weekend as the guest of her brother and sister-in-law, Mr. and Mrs. Walter Tressler. On Sunday the Tresslers with their guest motored to York where they were guests of the Tresslers' son-in-law and daughter, Mr. and Mrs. Paul Thomas Jr., and son, Mark.

Mr. and Mrs. Richard Weaver and Stanley Plank, Hagerstown, spent Wednesday afternoon with the former's brother-in-law and sister, Mr. and Mrs. Raymond Pepple, and son, Lowell.

RANGOON, Burma (AP) — More than 1,100 insurgents of the minority Mon racial group surrendered to the Burmese government Wednesday in a mass ceremony marking the end of a 10-year revolt.

The surrender at Moulmein, 130 miles southeast of Rangoon, is expected to bring peace to Burma's southern coastal strip.

SEOUL BABYLIFT HITS 983 MARK WITH NEW LOAD

SEOUL, Korea (AP) — Harry Holt's babylift pushed toward the thousand mark today as the grizzled Oregon farmer left Seoul with 81 orphans for adoption in the United States.

Aboard the chartered Korean National Airlines plane were 27 boys and 54 girls, "shepherded" by Holt, his daughter Molly and several nurses. Most of the children were less than 3 years old.

Holt and his wife raised six children of their own on their ranch at Creswell, Ore., before he began finding American couples to adopt Korean War orphans in 1955. Eight of the orphans on his first plane load were adopted by Holt himself.

Has Brought 983

Today's group brings the total he has brought to America to 983. "I like kids and so many people write me looking for them," Holt once explained. "The parents need children and these children need parents. All I do is bring them together."

This time Holt is pushing to get to Eugene, Ore., by Monday. There on that day the first eight orphans he adopted become American citizens.

PRIEST HOME FROM CHINA

PITTSBURGH (AP)—The Rev. Cyril Wagner is back home today after a five-year imprisonment in Red China.

The slender Franciscan priest, ill with asthma and tired from his long journey which started in Shanghai last month, returned to Pittsburgh Thursday night.

Some 25 relatives met him as he stepped from an airliner. An unidentified man approached the Roman Catholic priest and said: "Let a good Protestant shake your hand, father."

Newsmen questioned the 52-year-old priest, a native of nearby Sharpsburg, as he stood under an umbrella in the rain.

Father Wagner said his Communist captors mistreated him physically and mentally. He described the people of China as "warm and lovable."

RADEMACHER TO FIGHT FOLLEY

LOS ANGELES (AP)—Former amateur champion Pete Rademacher makes a second bid for professional boxing fame when he battles Zora Folley, top contender for the heavyweight crown, at 10 rounds or less tonight.

A companion 10-rounder features Mauro Vazquez, unbeaten Mexico City featherweight, and Enrique Aceves of Los Angeles.

The experts give Rademacher, 1956 Olympic Games champion, a good chance to score an upset.

But Folley, 26, the pride of Chandler, Ariz., is a well-seasoned boxer with 45 pro bouts behind him. He has been whipped only twice, back in 1955.

Rademacher, 29, Columbus, Ga., created quite a stir last August when, in his first fight as a professional, he took on the champion of the world, Floyd Patterson. He was knocked out in the sixth.

GAS SEEPAGE CAUSES SIX HOME BLASTS

BELLEVILLE, Ill. (AP)—Liquid gas seepage into water mains produced six explosions Thursday and kept residents in a state of jitters throughout the night.

Harried city officials haven't traced the source of the butane gas.

About 2,500 residents were ordered from their homes for a 6 1/2-hour period after the blasts, in which four persons suffered burns. None were in serious condition.

There was no mass exodus from this city of 45,000, twelve miles southeast of St. Louis. Homes in a 50-block area were evacuated, but most residents milled about on their front lawns and in the streets until the all-clear.

Worst damage was to a home of a family of six. The family was away when a blast knocked out one brick wall and shattered windows.

Fires which followed some of the blasts were extinguished quickly.

Aged Traveler On Visit In Community

Joseph C. Brittain, 91, Green-castle, is spending six days in Gettysburg. Mr. Brittain said he has traveled more than 13,000 miles throughout the western mountains and parts of Canada since 1955 as a way to enjoy life. He said "people don't think I am 91 years old." He has made trips around the United States in an automobile and has had just one accident when he slid off a soft shoulder along a mountain road and smashed into a pine tree.

He is now on a six-week tour of Pennsylvania.

Brittain said he graduated from University of Michigan Law School in 1893 and has missed only one or two commencements since that time. At the last commencement, he said, "I was the oldest graduate there and I was put up on the speakers' stand and introduced to 1,200 persons."

He has been whipped only twice, back in 1955.

Rademacher, 29, Columbus, Ga., created quite a stir last August when, in his first fight as a professional, he took on the champion of the world, Floyd Patterson. He was knocked out in the sixth.

"You Americans Are Unjust," Says Lebanese Girl Rebel

By RELMAN MORIN

BEIRUT, Lebanon (AP) — The machine guns chattered, bullets smacked against the wall and heavy dynamite blasts rumbled in and around Basta, the rebel-held hilltop section of Beirut.

Three teen-age Lebanese girls manned posts in the barricades beside the men.

They have had only two weeks basic training but they carry arms and are on duty 18 hours a day. Why?

"Chamoun Unjust"

"Because (President) Chamoun is unjust to the Lebanese people and because he is an aggressor," said brown-eyed Samira Sunno. She added "so are you Americans. What are you doing in Lebanon supporting an unjust man?"

One of her companions, Zeynab Masri, was asked why she fought. "I give you two reasons: first because I love my country and I feel I am defending it; second to set an example for the men."

Zeynab Masri is 16. So is the third girl, Houada Ajour.

50 Girls And Women

They are among at least 50 women and girls being trained for

military duty by the rebels. They said they thought of joining the Popular Resistance Movement, as they call it, when the rebellion first began in Lebanon nearly three months ago.

Two weeks ago they volunteered. Now they're in uniform. Two have not finished high school. Samira Sunno had completed her first training as a nurse.

They're Deadly Serious

The girls are deadly serious. Starting at 6 a.m. they get two hours training, handling weapons. Then they work in the rebels' clean but under-equipped hospital.

At sundown they go into their respective barricade positions in the Basta. They remain until midnight.

Have they come under fire? They burst into laughter. "Of course. There's almost always some firing."

Have they ever killed a man? Laughter evaporated.

"Better To Die"

There was a moment of silence. Then Houada Ajour, patting a .22-caliber pistol in a hip holster, said, "If they attack of course I will try to kill them."

She's an orphan who lives with her brothers.

Masri's father is a prosperous motion picture distributor. Sunno is the daughter of a vegetable merchant.

You ask the three girls if they realize they can get killed, even in minor skirmishes.

"It's better to die fighting than do nothing at a time like this," Samira Sunno said.

LONDON WOMAN CAPTURES THIEF AFTER CAR LOOT

LONDON (AP) — Middle-aged Matilda Higgins doffed her housewife's apron and set up as a private eye when somebody stole her husband's car.

She cracked the case before professional sleuths had time to reach for a magnifying glass.

It took her just half an hour to track down the car, abandoned not far from the Higgins' suburban home. A quick check showed the spare wheel was missing, along with the tools and seat covers.

Prowled Neighborhood

For the next few days Matilda prowled the neighborhood, picking up gossip. After a while she heard dealer John Yerby had some seat covers for sale.

Matilda recognized them right off. She offered to buy them and asked Yerby to come to her house to pick up the cash.

The police were there when Yerby arrived.

"I suppose I was quite a Sherlock Holmes," reflected Matilda. "But it was elementary once I was on the trail."

FIFTEEN YEARS AGO

Mussolini Quits: (By the As-
sociated Press.) In a royal pro-
clamation broadcast to Italians
tonight the king of Italy announced
he had accepted Mussolini's "re-
signation" and had installed 71-
year-old Marshal Pietro Badoglio
— bitter foe of 11 Duce and Fas-
cism — as head of a military
government "to stand against
those who have wounded the sac-
red soil of Italy.""The war continues," the aged
marshal told the people in a
proclamation announcing that he
had assumed supreme command
of all Italian armies and calling
on Italians to rally around the
king.But the conviction grew that
Italy — her cities shattered, her
empire vanished, internal unrest
and violence growing, and a
mighty Allied army pounding at
their threshold — had shaken the
"guilty hierarchy" of Fascism and
had taken a necessary step toward
eventual peace.Former High School Star Adds

I LIKE PEOPLE

I like people because I am a
part of them. They make life real
to me. I like to watch the people
in a great crowd. Different crowds
have a different personality. Dif-
ferent faces, too. But what makes
the moving streams of people in a
great city is the soul of the
crowds. To define that soul, how-
ever, would be difficult. It is best
just to say that the soul is there!The faces. What a study! In
every city, town, village there are
the faces — each one unique!
Could man ever have wrought such
a creation as never to have made
two faces exactly alike? The
Creator made it possible to select
any human being out of the lot,
however, for there is not a single
one of us who can't be identified
by the designs in the fingers. We
wonder for what purpose this was
done. Each finger print a surer
sign on a person than his auto-
graph!I often wonder why there were
created so many different nation-
alities, and so many languages.
But how interesting all human be-
ings are! Education has improved
some of these, but with others not
at all. How strange the life of
many of those who once were
organized peoples of the West and
bordering territories of America!
I once visited the Cave Dwellers
near Santa Fe. I am intrigued by
the early history of the American
Indian, for he is a very intelligent
type.When I look upon the great
crowds that have been listening to
Billy Graham, and also to the
baseball games, and those in the
excited political campaign, I am
always impressed. In the end the
people do rule. Dictators should
learn this. Under freedom alone
can the great people of this earth
be guided to happiness.Tomorrow Mr. Adams will talk

THE FAIR-MINDED FAN

"Was plain to all the fan was out.
Though 'safe' the umpire said.
In glee I heard my neighbor shout:
The home team forged ahead.
"I'm sure that man was out," I
cried."The umpire failed to see
The ball had beaten him a stride!"
"The ump's all right," said he.
But later on, with things reversed,
The visitors at bat,
A close decision went their way.
Said he: "Jes' look at dat!"
"I think the umpire's right," said I.
"That's how it looked to me."
"Dey had him by a city block;
The ump's a crook," said he.

YANKS' DUREN

IS FELLED BY

TIGER PITCH

DETROIT (AP)—The New York

Yankees and the Detroit Tigers
had a mild rhabarb going today
over the pitch that felled Yankee
relief ace Rindol Duren.The 29-year-old righthander,
credited with 16 saves and a lead-
ing candidate for Rookie of the
Year and Most Valuable Player
awards, was hospitalized after he
was struck hard on the left cheek
by one of Paul Foytack's fast balls
in the ninth inning of Thursday's
contest at Briggs Stadium.The Yankees won the game 10-7
to complete a sweep of the three
game series, but Duren — who
was credited with the victory —
is to spend several days in a De-
troit hospital. He suffered a bruise
and a cut that required several
stitches to close.Doctors said X-rays were nega-
tive and that there was no cran-
ial injury.
The Tigers denied the incident
was deliberate but some of the
Yankee players maintained that it
was. One New York player said
Foytack "looked into the Tiger
dugout just before he threw the
ball."

Denied By Foytack

Duren, who had to be carried
from the field on a stretcher,
nearly hit the first Detroit batter
he faced. His first pitch, a high
inside fast ball, sent Al Kaline
sprawling into the dirt. Just last
week the Kansas City Athletics
accused Duren of deliberately hit-
ting slugger Bob Cerv.Detroit Manager Bill Norman
said, "I would never tell any
pitcher to throw at any batter.
Sure, the pitchers brush the bat-
ters back. That's baseball. But I
wouldn't want my pitchers throw-
ing at anybody. You could kill or
maim a guy doing that."Foytack denied he threw at
Duren. "I was just trying to get
out of the inning," he said, "and
the pitch got away from me."

NFL GRIDDEERS BACK ON CAMPUS AS CAMPS OPEN

By HUGH FULLERTON JR.

A number of muscular young men—and some not so young—who thought they had seen the last of classrooms and profs are back on the campus for advanced courses in the theory and practice of football.

It was mostly practice, starting today, for players aspiring for regular positions on National Football League teams. The rookies have been checking into the training camps for the past few days and by Saturday all but one of the league squads will be in camp.

The last team to open training and the only one not working at a campus location—the Philadelphia Eagles—will open camp at Hershey, Pa., Monday.

Already in camp are the Baltimore Colts, Western Maryland College, Westminster, Md.; Chicago Bears, St. Joseph's College, Ind.; Chicago Cardinals, Lake Forest, Ill.; Cleveland Browns, Hiram (Ohio) College; Detroit Lions, Cranbrook School, Bloomfield Hills, Mich.; and Los Angeles Rams, University of Redlands, Calif.

The New York Giants are due to report Saturday at Williamette college, Salem, Ore., the Pittsburgh Steelers at California (Pa.) State College and the Washington Redskins at Occidental College, Los Angeles. The San Francisco 49ers will check in at St. Mary's, Moraga, Calif., and the Green Bay Packers at St. Norbert, De Pere, Wis.

Upper Adams Pony League

The third-place Arendtsville White Sox edged the Idaville Senators 5-4 Thursday evening at Idaville in the only Pony League game played. The Redlegs-Orleans game at Biglerville was postponed because of rain and will be played next Wednesday evening.

Redman, White Sox hurler, and his mound opponent, F. Starnes, each gave up four hits Thursday evening.

Monday's games: Giants vs. Senators at York Springs; White Sox vs. Redlegs at Arendtsville.

Sale Prices Drop On Keeneland Yearlings

LEXINGTON, Ky. (AP)—Keeneland's thoroughbred sales ended Thursday night after 356 yearlings sold for \$3,432,600 since Monday.

The average of \$9,642 was down from the \$11,789 average on 235 yearlings last year, when the total take was \$2,770,500. Seventy-seven head sold Thursday averaged \$6,153.

Travis M. Kerr, owner of Round Table, paid the top price of the auction when he went to \$77,000 Wednesday night for a bay son of Princequillo-Dog Blessed.

Glenn Hoke Sees Orchard Air Sprayers

Glenn Hoke, proprietor of the Arendtsville Garage, has returned home after witnessing a two-day demonstration and training program on a new series of orchard air sprayers manufactured by the F. E. Myers & Bro. Co., Ashland, Ohio.

The new sprayers, Series 224 and 232, are designed to handle spraying needs of both small and large orchards and groves and have been successfully field tested in application of dilute, semi-concentrate and concentrate chemicals for control of fruit pests, insects and diseases, without sacrifice to tree vigor or fruit finish.

The two-day program included field demonstrations of the new equipment at a nearby fruit farm, a tour of Myers manufacturing facilities and concentrated program of sales and service features of the new equipment.

Carmen Boals, left, power sprayer salesman for the F. E. Myers & Bro. Co., Ashland, Ohio, discusses a new Myers sprayer with Glenn Hoke, proprietor of the Arendtsville Garage, at a recent Myers sprayer demonstration in Ashland.

Sprayers should be of real interest to growers in this area," according to Hoke. "The new sprayer line consists of five basic units with many interchangeable parts to minimize service and replacement requirements. At the same time, easy adjustments and available accessories enable a grower to tailor a sprayer to his individual custom requirements."

Hoke continued, "Growers with

small and medium-sized farms will be interested in knowing that the 224 Series sprayer will give them the advantages of air spraying at a minimum of cost and expense."

Hoke said he is planning to conduct a demonstration of the equipment in the near future.

Sweden, alarmed by the shortage of physicians in that country, is inviting doctors of other countries to practice there.

Britcher And Bender Store Is Distinctive

Frank N. Britcher and the late George A. Bender were Hanover boys whose interest in drug stores and pharmacy led them to Gettysburg back in 1920.

It was in Baughman's Pharmacy in Hanover where they started out together, before 1912. Frank was the apprentice to the druggist and George was the soda fountain boy. When Frank finished his apprenticeship, he entered the University of Maryland where he graduated from the School of Pharmacy in 1914. With his diploma in his hand he went back to Hanover and became a full-fledged druggist for Baughman's.

It wasn't long before the rumblings of war began to disturb the boys at their work and in 1917 George Bender left Hanover permanently and came to Gettysburg to run the soda fountain at Stallsmith's Drug Store on the square.

The quantity and quality of the drugs today are changing and increasing daily and the two druggists have to be constantly on their toes and checking and double checking to keep abreast of the changes. "The Vikings"

Stars Curtis, Kirk Douglas

"Protect us O Lord from the wrath of the Northmen" — It was no accident that the English book of prayer began with these words. For, through the centuries, the continent and the English coast were preyed upon by invading hordes of Northmen.

No man, no woman, no child was safe from their blood-hungry swords. They are acknowledged by historians to have been among the most ruthless conquerors that ever sailed the seas.

"The Vikings," the story of this

hardy people, comes to the Majestic Theater beginning Wednesday. The picture is one of the most lavish and spectacular of all time, costing approximately \$4,000,000 to produce.

The picture is an epic screen adaptation of the best-selling novel by Edson Marshall, and stars Kirk Douglas, Tony Curtis, Ernest Borgnine and Janet Leigh. The fine supporting cast is headed by James Donald, Alexander Knox, Edric Connor, Eileen Way, Peter Capell, Frank Thring and Maxine Audley.

A swashbuckling, authentically-researched story of the blood-thirsty Norse warriors, "The Vikings" was filmed in Technicolor and Technirama on location in Norway, Germany and France.

The immensity and grandeur of the Norwegian fjords were such that they almost dwarfed the thirty-acre sets that were constructed for the picture.

Tobey's Cuts Summer Dress Prices In Sale

For weeks Tobey's has been besieged by old and new customers alike — all wanting to know when all the lovely summer dresses will be on special sale. Now Tobey's is telling them and the whole town —

ferocious and wild as the Vikings in their heyday, which was about a thousand years ago. And the film pulls no punches in showing their games, feasts and battles in scrupulously accurate and forceful detail.

A complete 30-acre replica of an ancient Viking village was constructed, and Norwegian ship-builders recreated authentic full-scale models of three Viking vessels modeled after the remains of the ancient Norse ship preserved at the Viking Museum in Oslo.

In France, at the coastal town of Dinard, a 1,000-year-old castle was taken over for the climactic battle scenes set in ancient Britain.

the sale is under way now. All of Tobey's summer dresses have been reduced! Take Tobey's advice and visit the store early. They are and expect to be busy, busy!

PECHAN EARNS LEGION AID ON SCHOOL LOANS

By ARNOLD ZEITLIN

PHILADELPHIA (AP) — A plan that may lead to the elimination of scholarships granted by state senators earned support Thursday from the delegates to the 40th State American Legion convention.

The Legionnaires resolved to ask that the 1959 Legislature to start lending money to students who want to go to college. The proposal is modeled after a Florida policy to lend money to students studying teaching.

State Sen. Albert R. Pechan, majority whip and a member of the senate education committee, amended the Florida proposal to include students in all fields.

Ends Political Angle

"This proposal may help take scholarships out of politics," Pechan said.

"I want scholarships on the basis of ability and need, not on a political basis. It's gotten so a Democrat won't give a Republican a scholarship and vice versa."

"The important thing is seeing that the kid who wants to go to school and can't afford it is helped."

Works For Loan

Pechan said he would work for a loan program in the next Legislature, perhaps using it as a wedge to end scholarships granted by state senators. Each senator may dispose of 25 scholarships annually to the Universities of Pennsylvania and Pittsburgh, Howard University, Temple, Penn State and Moore Institute of Art.

"I don't think we should end scholarships programs," said Pechan. "A loan program would complement it. But we should get scholarships out of politics."

The Legion takes up the last of its resolutions list today and also starts electing officers. Among the officers to be chosen are district commanders, vice commanders, national executive committeemen and the chaplain.

Saturday Election

Candidates for state commander will be nominated for Saturday elections. Running are: Charles Mentzer, New Holland; Paul Walters, Pine Grove; George Bruno, Bethlehem; and Thomas A. Kane, Philadelphia.

The delegates returned to business today after a rainy parade by the funmaking 40 & 8 in downtown Philadelphia Thursday night was cancelled because of rain.

In another resolution, the Legion objected to the erasing of the word "God" from the state constitution. The deletion was made in a proposed revised version of the constitution.

The 1959 convention was awarded to Pittsburgh.

Would Give Ike

Extra Billion

WASHINGTON (AP)—If the Senate Appropriations Committee has its way, President Eisenhower will receive \$1,200,000,000 more in defense money than he requested for the year that began July 1. The committee Thursday approved a measure to provide \$40,032,000,000 for Defense Department operations. This sum not only gives Eisenhower more than he sought, but tops by \$1,600,000,000 the amount authorized in a House bill passed last month.

Father Rescues Child From Artesian Well

READING, Pa. (AP)—A piece of wood covering an artesian well gave way under a child's weight Wednesday and the youngster fell 40 feet to the bottom of the well. While her father and a neighbor lowered a line, 10-year-old Ella Corson managed to stay afloat by clinging to a piece of the wood covering and to a pipe.

She was pulled out a few minutes later, frightened but only bruised. The child and her family had been vacationing on a farm in nearby Rockland Township. They live in Springfield, Delaware County.

BIG BUSINESS

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Monday	Matthew	6	1-4
Tuesday	Matthew	6	5-15
Wednesday	Matthew	6	16-23
Thursday	Matthew	7	13-20
Friday	James	3	17-18
Saturday	II Peter	1	1-8

Apples are big business! About 150 million bushels are grown in the U. S. each year.

Perhaps that's why this lad wonders if he could find still another use for the apple. Or perhaps he only wonders if there's a worm in it. If there is, will he toss it away, complaining it's no good?

Some people say they don't go to Church because there are hypocrites in the Church. Then you might as well check out that basket of apples in the cellar. There's probably at least one worm in it. But really, does that affect the goodness and usefulness of all the rest?

The Church is big business too, guiding millions of souls each year. If you will attend regularly, earnestly worshipping and sincerely watching for a place where you can be of service, you will give and gain a life-full that's worthwhile. Then you will forget there might be a hypocrite, or a wormy apple around.

JUSTICE IN COMMUNITY LIFE

Leviticus 19:15-18; James 2:1-9

Key Verse: Love does no wrong to a neighbor, therefore love is the fulfilling of the law. Romans 13:10

The teachings and attitudes toward justice and right living which are developed and fostered in the homes are reflected in the life of a community. The social problems which are current are usually found in miniature in every community. It is much credit to a community when it shows a real Christian concern for needed reforms and meets situations with understanding and concerted action. Such action frequently is initiated by small groups of interested and informed people who are willing to support issues despite opposition. Community projects which involve social action do not always meet with universal approval and require persistence and courage to carry forward. The example of what has been accomplished in another community can have greater influence on the people than any amount of counsel or prodding.

"Community Injustices"

It is not difficult to list a few of the common community injustices: tale bearing, partiality, class distinction. There are two books of the Bible which complement each other as far as teachings on justice in community life are concerned: Leviticus in the Old Testament and James in the New Testament. The former was written centuries before the latter and contains the laws given to Moses on Mt. Sinai during the second year of the Israelites' long journey. The Book of James is believed to have been written by James, the brother of Jesus who became bishop of Jerusalem. It was probably written about A.D. 60 and addressed to the Jewish Christians.

The passage from Leviticus 19:15 says regarding partiality: "You shall do no injustice in judgment; you shall not be partial to the poor or defer to the great, but in righteousness shall you judge your neighbor." And James says this: "My brethren, show no partiality as you hold the faith of our Lord Jesus Christ, the Lord of glory. For if a man with gold rings and in fine clothing comes into your assembly, and a poor man in shabby clothes also comes in, and you pay attention to the one who wears the fine clothing and say: 'Have a seat here, please,' while you say to the poor man, 'Stand there,' or 'Sit at my feet,' have you not made distinctions among yourselves, and become judges with evil thoughts?" Then he goes on to say that God has selected many of the poor "to be rich in faith and heirs of the kingdom." This dramatic address of James does not mean that there are no rich men who are humble Christian believers, for many people of means are devout and generous in their gifts to the church.

Make No Distinctions

The important teaching from these passages is that a man or woman must be respected for their spiritual quality — for religious character rather than material wealth. No distinctions must be made between the wealthy or poor of a community.

One of the worst injustices is tale bearing and worse than that, bearing false witness against friend or neighbor. In Leviticus we read: "You shall not go up and down as a slanderer among your people, and you shall not stand forth against the life of your neighbor: I am the Lord." Furthermore, no one should hate or hold a grudge against another, either relative or neighbor. Such a feeling hurts the one who bears it more than the person to whom it is directed. It is like a canker which eats away peace of mind, regard for others, and even Christian faith. No one should ever carry such a burden on his mind or heart. "You shall not take vengeance or bear a grudge against the sons of your own people, but you shall love your neighbor as yourself" (Lev. 19:18).

Nor can anyone combine faith and snobbery — another community evil where those on one side of the tracks cannot understand or appreciate the struggle and problems of those on the wrong side of the tracks. James was very sensitive and was a strong ally of the poor and this is reflected in his criticism of the rich. "Is it not the rich who oppress you, is it not they that drag you into court?"

INSIDE JOB

IDAHO FALLS, Idaho (AP)—Warrant officer Norman Lyon complained to police that someone took some military vehicles joy riding — inside the National Guard Armory. Lyon found skid marks on the armory floor.

Two Major Questions On Doria Sinking Are Still Unanswered

By FRANCIS STILLEY
NEW YORK (AP)—After two years, two major questions still hover above the sunken hulk of the Italian luxury liner Andrea Doria.

One of them is: Who is to blame for the fearful collision with the Swedish motorship Stockholm off the coast of Massachusetts two years ago tonight? Months of court hearings failed to settle the issue. It probably never will be.

The second question may or may not be answered in the years to come: Can the Andrea Doria be salvaged or resurrected from the depths of the Atlantic?

Settling Many Claims
Meanwhile, one major task made necessary by the crash is all but ended. For more than a year attorneys for insurance companies have been busy settling death, injury and cargo claims.

Claimants will receive a total of about six million dollars. They originally asked about 116 million. Only a few claims remain to be settled.

Foreign underwriters also have paid the Italian Line some 14 million for the loss of the Andrea Doria, and the Swedish-American line received a million for repairs to the smashed bow of the Stockholm.

Amazing Sea Rescue
It was at 11:09 p. m. on July 15, 1956, that the two great liners came together in a busy lane some 45 miles south of Nantucket Island, Mass.

The extra-strong ice-cutter prow of the Stockholm thundered into the fore part of the Andrea Doria and pierced far inside the ship.

In the next hours an amazing sea rescue took place as the Andrea Doria slowly sank. Ships converged at high speed from all directions and by morning all but 46 of the Doria's 1,706 passengers and crew had been removed.

The death toll finally was established at 50—45 on the Doria and 5 on the Stockholm.

Death Toll 52
Since then, two others died from injuries attributed to the mishap, boosting the death total to 52.

Hundreds of lawsuits were filed in the wake of the collision. In due course they were consolidated

WHAT FOREIGN BEAUTIES USE

LONG BEACH, Calif. (AP)—Lend an ear, ladies, while the Miss Universe contest lovelies tell beauty secrets of their native lands:

Miss Japan, Tomoko Moritake: "Our women use a certain flour made of rice polishings. They put this in a little bag and wash the face with it."

Miss West Indies, Angela Tong: "The women put olive oil all over their bodies just before going to bed. But I don't do this."

Miss Mexico, Elvira Leticia Riser: "We have no secrets, but we like to eat fruits and vegetables and avoid fatty foods. We feel what you eat is very important for beauty."

Miss Poland, Alicja Bobrowska, the first entrant from an Iron Curtain country: "Polish women do not want to be beautiful because they are hard working people. The men and women work together. Wash yourself with soap and water. That gives the beauty."

Miss Paraguay, Graciela Scorza, whose English is slightly fractured: "I don't use nothin'."

NICOSIA, Cyprus (AP)—Greek Cypriots staged an islandwide general strike Thursday to protest mass arrests by the British aimed at heading off new violence. Most of Nicosia's stores and offices were shut down.

The 24-hour strike began today as soon as the British lifted a two-day round-the-clock curfew that had brought the island to a standstill.

into a single case, but after months of hearings efforts to fix the responsibility were dropped. Insurance agents for the two lines set up a fund for settling claims.

Before the hearings were concluded, the substance of the testimony was that each ship blamed the other for making a wrong turn at the last moment as they met.

STYLE FOLLOWS PRICES; THINGS GO MUCH HIGHER

By EDDY GILMORE

LONDON (AP)—There was nothing subtle today about where London's master stylists have placed the new autumn season's emphasis in women's clothes. It's on the bosom and the waist.

If either was hiked any higher it'd be on milady's shoulders. Both are so far up that John Cavanagh even calls his sparkling collection "sky high."

There's a big difference, though, in the way bosoms and waists are treated. The waists are covered while the busts are—shall we say—not so covered. Especially for evening.

Skirts Are High
With skirts above the knees, the legs look as if they start immediately under the bosom.

The new décolletage is so daring it's going to be hard to attract much attention to the waist. But, the bosses of haute couture have tried.

In addition to the high waists, there are diagonal waists, sloping round from a high center in the front to a low back. Or down from a spot just below the shoulder blades to the front.

Joins Parade
Queen Elizabeth II's dressmaker, Norman Hartnell, has joined the high, high parade.

It remains to be seen, however, whether her pretty majesty, with one of the best figures in and out of royal circles, will raise her sights for the season.

Snore Is Baffling Hospital Officials

LONDON (AP)—Thousands are being sent to bring quiet to hospital wards, but the snore still baffles the experts.

Wards are soundproofed. Trolleys stopped from squeaking. Nurses wear noiseless shoes.

"This is a most acute problem," the King Edward Hospital Charity Fund said in its annual report Wednesday.

Hospitals tried putting snorers together in special wards. They woke each other.

Separate cubicles were tried. The snorers sounded even louder.

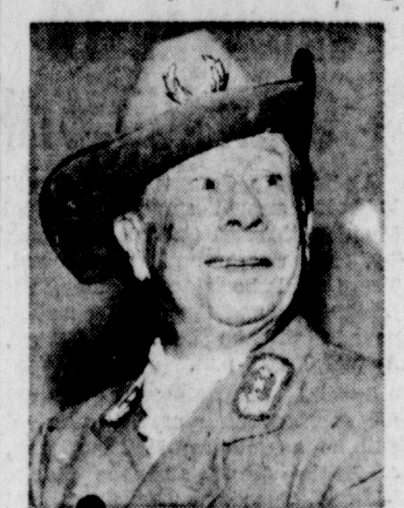

The next experiments will be with soundproof curtains, noise-absorbing tiles and beds that keep patients on their sides while they sleep.

Bert Lahr Will Play Harrisburg

BERT LAHR

Bert Lahr, one of America's best loved comedians, will star at the Harrisburg Playhouse of Stars next week in Gore Vidal's comedy, "Visit To A Small Planet," which also features Kenny Delmar of Senator Klaghorn fame.

Lahr, who received his early training in vaudeville and burlesque, gained his Broadway break in 1927 in "Delmar's Revels." Then his portrayal of a punch-drunk fighter in "Hold Everything" made Broadway his street. One hit followed another: "Flying High," "Hot-Cha!," "Life Begins At 8:40," "George White's Scandals," and "The Show Is On."

When the depression hit Broadway, Lahr headed for Hollywood to play the Cowardly Lion in "The Wizard Of Oz."

DRIVER FREED IN CAR DEATH

NEW BLOOMFIELD, Pa. (AP)—A coroner's jury, after an inquest Wednesday, found "some negligence" in the death of a Lock Haven woman in an automobile accident. But Dist. Atty. Charles W. Kugler said no prosecution was planned.

Coroner Clarence W. Frey, of Perry County, conducted the inquest into the death of Mrs. Louis Piper, who was killed July 11 in a crash of the Piper car and another one driven by Frederick Seaman, 33, of Enola, on Routes 11-15 near Amity Hall.

Kugler said he "doesn't contemplate bringing any charges of involuntary manslaughter" against Seaman. He said it developed at the inquest that Seaman may not have been aware of striking another car.

Witnesses said Seaman apparently lost control of his car, which veered across the highway and struck the Piper car driven by the victim's husband.

TAIPEI (AP)—The censors have ordered showing of the film of "The Brothers Karamazov" halted on Formosa on moral grounds.

The censors said the film based on the Dostoevski novel was "incompatible with Chinese ethical teachings." They objected particularly to a father and son loving the same woman — and a harlot to boot.

HOUSE QUICKLY SENDS DEFENSE BILL TO SENATE

WASHINGTON (AP)—The House swiftly passed and sent to the Senate Thursday a compromise defense reorganization bill containing most of the provisions requested by President Eisenhower.

Prompt Senate passage was expected to send the measure to the President.

The House acted by voice vote and without opposition after terse debate. Only about 50 members were on hand.

Unanimous Agreement
Chairman Carl Vinson (D-Ga.) of the Armed Services Committee told the House that Senate and House conferees who worked out the compromise bill were in unanimous agreement.

Rep. Leslie Arends (R-Ill.), senior minority member of the committee, said the bill "in complete accord with the wishes of those who sponsored the legislation originally."

Dismantling Crew Sets Fire To Coal Breaker

HAZLETON, Pa. (AP)—A four-man crew dismantling an abandoned coal breaker accidentally set fire to the structure Wednesday causing considerable damage. No one was injured.

The breaker, at nearby Jeunesville, was closed last May. Gardner Beam, 41, and George Miles, 43, employees of a Carbon-dale dismantling firm, were using a torch to cut into a gear when the heavy piece of metal fell away and struck the gauges on the crew's acetylene tanks. The flames spread quickly.

Miles, Beam, his brother, Barry, 40, and Skippy Bauman, 23, fought the fire until the Hazleton East End Fire Co. arrived.

TRENTO, Italy (AP)—Eight children are recovering in the hospital here. Four fell down stairs at their homes. Each of them has a fractured skull. Four were hit by automobiles. Each of them has a broken left leg.

King Cole Express Halts Saturday Run

PHILADELPHIA (AP)—The King Cole Express between Shamokin and Pottsville will be discontinued on Saturdays effective immediately, the Reading Co. announced Wednesday.

The railroad said reduced patronage was the reason for eliminating the Saturday run. The company said connecting bus service to and from Pottsville, Shamokin, Tamaqua, Ashland, Mt. Carmel, Mahanoy City and intermediate points would be available to replace the express bus.

Beginning Saturday, the Reading said, the express will originate at Pottsville instead of Shamokin on its run to Philadelphia.

REV. W. R. JONES WILL SPEAK AT UNION VESPERS

The Rev. William R. Jones, new pastor of Centenary Methodist Church, will deliver the sermon at the outdoor union vesper service on Sunday evening at 7 o'clock in the Crouse Park pavilion. The Rev. Mr. Jones will speak on the subject, "Hungry and Thirsty."

Other members of the Littlestown Ministerium will participate. In case of rain, the worship will be held in Redeemer's United Church of Christ and the public will be notified of the change by the ringing of Redeemer's Church bell at 6:45 p.m. This is the final union service in the summer series of vespers, arranged by the Ministerium.

Announcements made by the pastors of the churches of Littlestown and vicinity for the weekend and coming week include:

"Everyone at our house," says Mrs. Leslie Orner of West York St., Biglerville, Pa., "appreciates being able to take a nice hot bath whenever they like."

"That's probably the big reason why I'm so pleased with our electric water heater. Even though I've used hot water for laundry, dishes or cleaning, there's always plenty left. It's such a relief not to worry about hot water. And my husband thinks it's wonderful that we can have the convenience of an electric water heater at such low cost!"

NEW "HAM" IS IS NAMED HERE

The amateur radio operators in Adams County have set up the emergency radio communication system under the direction of Walter E. Lane and Charles Kranias, Gettysburg. Geisler will run the system in cooperation with both Lane and Kranias.

A. Richard Geisler, W3TOL, 18 Lumber St., Littlestown, has been selected to set up an organization of Littlestown amateur radio operators prepared to furnish organized emergency communications in time of disaster, it was announced today by Communications Manager F. E. Handy of the American Radio Relay League, national association of radio amateurs.

Geisler's assignment, which carries the title of emergency coordinator, is to band together members of the amateur radio service in his community to perfect arrangements for emergency radio communication by hams in the event of natural disasters or other emergencies. In addition to use of normal station equipment working from commercial power, amateur stations use self-powered radio transmitting and receiving equipment as needed. Geisler will call meetings of amateurs, establish common operating procedures, and arrange regular drill periods when the hams' personal stations may be mobilized under simulated emergency conditions. His duties also include liaison planning with the local chapter of the American Red Cross and other relief agencies, as suggested in the working understanding the ARRL Emergency Corps has with the national head-

quarters of the American Red Cross and other agencies. Liaison will be established also with local protective services, such as fire and police departments and civil defense communications will receive much attention.

Of this year's cases, 438 had been listed as paralytic compared with 780 up to this time a year ago.

American Motors, which topped the most-active list Thursday on news of its sharp boost in earnings, was the feature again today, advancing a point to a new high before trimming its gain.

HOUSE NEAR END OF WORK ON '58 APPROPRIATIONS

WASHINGTON (AP) — Except for some minor odds and ends and some compromises to be worked out with the Senate, the House today closed the book on appropriation bills for 1958.

Based on House action alone where final passage has not been completed, the prospect is for total appropriations of about 70 billion dollars for the year. But later Senate actions could raise that total substantially, especially for defense and foreign aid.

The 70 billion figure would represent a cut of about \$1,600,000,000 from President Eisenhower's request for \$71,339,831,539 in new money. Last year Congress cut nearly five billions from Eisenhower's requests.

Last Bill Thursday
The last of 20 regular, supplemental and deficiency bills sailed through the House Thursday by voice vote and went to the Senate. It allots \$1,218,815,000 for construction programs for the Army, the Navy and the Air Force at home and abroad. This is \$11 million dollars less than the President requested, with the Senate still to act.

The Senate Appropriations Committee voted to add \$1,600,000,000 to funds the House already has voted for defense, with most of the extra money for more air

See Soviet Abuse Of Summit Talks

WASHINGTON (AP) — House Foreign Affairs Committee members today were reported convinced that the Soviets will try to use a U.N. summit meeting as a propaganda sounding board.

They oppose President Eisenhower's attending under such circumstances.

Chairman Thomas E. Morgan (D-Pa.) said Asst. Secretary of State William Macomber was given this advice during a secret briefing on the Middle East crisis late Thursday.

LOUISVILLE, Ky. (AP) — Mr. and Mrs. Browder Wilburn dropped in on Mrs. Norvella Stuart. All three stepped onto Mrs. Stuart's back porch and dropped out together.

The porch fell two stories to the ground below. Mrs. Stuart, 32, and Wilburn, 39, further fell down a flight of basement stairs. Some of the porch accompanied them.

Mrs. Wilburn, 31, landed atop the wreckage.

No one was hurt seriously.

power.

The Senate is expected also to increase amounts the House voted for foreign aid. The House cut \$597½ million dollars off the total of an authorization bill, and Eisenhower is pushing for restoration of most of this amount.

ALAN M. SCAIFE, DIES THURSDAY CIVIC LEADER,

PITTSBURGH (AP) — Funeral services will be held Saturday for Alan Magee Scaife, prominent Pittsburgh industrialist and civic leader.

Scaife, 58, died Thursday in Magee Hospital of a heart ailment. He had been hospitalized for a week.

Scaife was noted as a leader in Pittsburgh's redevelopment program. On learning of his death, Mayor David Lawrence issued a statement lauding him for his civic leadership and achievements.

A native of Pittsburgh, Scaife served as board chairman of the Scaife Co., a steel fabricating firm, and vice president of T. Mellon & Sons, which controls or has large financial interests in numerous businesses.

Scaife, active in the fields of medicine and education, was chairman of the Magee Hospital executive committee and the University of Pittsburgh's board of trustees.

He was a graduate of Yale and a veteran of World War I and II. In 1927, he married the former Sarah Mellon, a niece of the late Andrew Mellon.

Survivors include his widow; a daughter, Mrs. Cordelia Scaife May; and a son, Richard Mellon Scaife.

Says Governor Should Apologize

HARRISBURG (AP) — George I. Bloom, Republican state chairman, says Pennsylvanians are awaiting an apology from Gov. Leader "for advocating and supporting the classified wage and income tax."

He said a statement from Pittsburgh Mayor David L. Lawrence, Democratic gubernatorial candidate, that the sales tax is here to stay amounted to an admission that the Republican Party was right in opposing the wage and income tax.

"As people well remember, he battled side by side with Gov. Leader for many long months to press upon the working men and women of our state the iniquitous state wage and classified income tax," Bloom said in a statement Thursday.

"I say that the conversion of Mayor Lawrence on this whole matter, reluctant though it is, is welcome and gratifying," said Bloom.

SMITH CHARGES GOV. LEADER WITH TRICKERY

By LEONARD A. UNGER
HARRISBURG (AP) — Auditor Gen. Charles C. Smith today charged the Leader administration with bookkeeping trickery as he blocked once again a plan to bolster the dwindling occupational disease fund.

Smith made it plain that he favored continued payments to some 5,000 former coal miners or their widows for anthracite silicosis (miner's asthma) disability. But he added:

"We have two different statements from the State Justice Department on what other unspent funds will be used for these payments. One said current funds would be used. The other said old appropriations would be used."

He said he wanted a proper explanation that involved no contradictions and pointed out to The Associated Press that he first exposed the diminished size of the occupational disease fund last January.

The 1957 Legislature appropriated 13 million dollars for the program. The fund is now down to \$1,401,780, only enough to carry payments into September.

Gov. Leader said he planned to divert \$4½ million dollars in other unspent appropriations. This would be enough to finance the program until the 1959 Legislature meets in January.

The original ruling by Atty. Gen. Thomas D. McBride said unspent funds from the current two-year fiscal period starting next May 31 would be used for occupational disease payments.

Says Pike May Be Toll Free By 1993

HARRISBURG (AP) — Franklin V. Summers, Pennsylvania Turnpike director of operations, predicts that the Turnpike may not be toll-free until 1993 unless Congress allocates special funds.

Summers told the WTPA television panel show "Capitol Correspondents" Thursday night that the bonded debt of the Turnpike system now is about \$65 million dollars.

He said traffic is picking up on the Northeast Extension which has not been paying its way. After the main part of the road becomes debt free in 1967, he said, revenue from the entire road may be used to pay off Northeast Extension bonds.

HEARING TODAY IN SUIT TO BAR NEW WAGE ORDER

HARRISBURG (AP) — A hearing will be held in Dauphin County Court today on a suit to restrain the State Labor and Industry Department from issuing a new minimum wage order for women and children employed by hotels, motels and restaurants.

The suit was filed here Thursday by William S. Livingood, attorney for the five complainants. An earlier minimum wage order for women and children in the industries was successfully attacked in court on the grounds that witnesses at public hearings were not sworn and no cross-examination was allowed.

Asks Separate Boards
No new wage order has been filed but a new committee has been appointed and the first public hearing before the new committee is scheduled next month.

The suit asks for separate boards rather than one board for hotels, motels and restaurants. It also contends that women employees should be represented on the wage board by someone other than professional leaders.

The suit was filed by Harry J. Busch, Stone Lodge Motel, Mechanicsburg; Earl W. Wolfe and Sons Inc., New Cumberland R.D. 1; Hotel Edison Inc., Sunbury; Crestmont Inn Inc., Eagles Mere, and Fort Bedford Inn Co., Bedford.

BEIRUT (AP) — Returning travelers say the Communists have come into open conflict with President Nasser's forces in Aleppo, northern Syria.

The informants said the Reds organized "volunteer bands" of 50 each to shout "Down with Nasser" in public places. When they began shouting near the officers' club, more than 200 were arrested.

Since the Syrian-Egyptian union in February, Aleppo has had an economic slump and the Communists are trying to blame it on Nasser. A bad crop this year caused a general drop in buying power.

Edward W. Hall of Shavertown was installed as president. He will be succeeded in 1959 by Joseph F. Palchak, Duquesne, who was elected president.

Others installed for 1958-59 were: First vice president Frank F. Falchak, Plains, and second vice president Joseph L. Caputo, Scranton. Samuel C. Price, Harrisburg, continues as acting secretary-treasurer pending permanent appointment of a member to that administrative office.

CRIPPLE PULLS GUN ON DRIVER, LANDS IN JAIL

NEW YORK (AP) — Mrs. Lena Ernst was driving along Rockaway Parkway in Brooklyn Thursday when she saw a man in a wheel chair thumping a ride.

She was wary of hitchhikers, but she decided she couldn't pass this one by. So she stopped. A bystander helped the man and his wheel chair into the back seat, and she drove on.

Suddenly a gun was poked against her neck and the crippled man said: "Give me your dough and you won't get hurt."

Hails Patrol Car
Mrs. Ernst, 36, spotted a police patrol car as she slowed for a red light.

"Help!" she screamed. "There's a cripple with a gun in the back of my car!"

Two patrolmen rushed over to the car. The man was identified as Stanley Emanuel, 36. The gun was a .38 Smith & Wesson.

Mayor Wagner Not To Host Khrushchev

NEW YORK (AP) — Mayor Robert F. Wagner sees no reason to play host to Soviet Premier Nikita Khrushchev comes here for a summit conference.

"The hosts will be the federal government and the United Nations," Wagner said. "and we have nothing to do with it."

The mayor made the comment before leaving for a vacation in California.

When King Saud of Saudi Arabia came here early last year, Wagner snubbed him on the grounds that the monarch was anti-Jewish, anti-Catholic and pro-slavery.

ROANOKE, Va. (AP) — Twelve-year-old Johnny Grove was one of 185 boys here who went to Washington to take part in a Safety Patrol parade. He visited the capitol, climbed the stairs to the top of the Washington monument and saw all the sights. His father, Dr. John P. Grove, asked what he enjoyed most.

"The pillow fights," was the reply.

SEEK HITCHHIKER IN IVES KILLING

ROUNDUP, Mont. (AP) — William Ives, 26-year-old son of a Chester, Pa., lawyer, was killed by a person or persons unknown, a coroner's jury decided Thursday.

Still sought is a hitchhiker, described by a motorist only as a "big man," reported seen near where Ives was shot. A truck driver found the body in a ditch, about 15 miles north of Billings Sunday.

"This is the best lead that has turned up so far in the case," said Sheriff Tom Steen of the hitchhiker report.

Dr. R. T. O'Neill testified at the inquest Ives died of a .38 caliber bullet wound which ruptured blood vessels in the liver, causing internal hemorrhaging.

The sheriff said no pistol was found.

Ives had written to his father, Paul Ives, that he was in Montana seeking work on a farm.

Fifty Years Ago 10,000 Pa. National Guardsmen Camped On Field; Storm Killed Four

Fifty years ago this week 10,000 men, members of the Pennsylvania National Guard, were encamped on the Gettysburg Battlefield for annual maneuvers that lasted from July 17 through July 24.

Gettysburg sought to promote the encampment as an annual event, holding that the battlefield was a natural site for the training of the Guard. Thousands of visitors poured into the community to witness the reenactments of the Battle of Gettysburg put on by the Guard. And storms brought death to four and injury to 40.

The Star and Sentinel noted that "The historic battlefield from the Peach Orchard on the South to the edge of town on the north and from the Trostle Farm buildings on the east to Confederate Ave. on the west, covering an area of about 500 acres, has been converted into a tented city."

Inspection By Governor
The Sentinel reported that on Monday the troops formed for inspection. "Man after man was carefully scrutinized by the eagle eye of Colonel Frank G. Sweeney, inspector general, and Governor Stuart."

"The Governor, attired in a suit of gray, with soft hat, seemed deeply impressed with the ceremony."

Governor Stuart's review of the entire division and an all day mimic battle between rival armies, of the First Brigade were the two star features of the camp Tuesday. The battle involved an attack on and defense of Little Round Top. "The forces came together with a terrific racket of cracking rifle shots and the engagement continued briskly for a quarter of an hour."

Four Killed
Similar mock battles were held throughout the entire period of the encampment.

The Sentinel noted: "True to what has become almost a tradition in the National Guard of Pennsylvania, the weather, which remained clear and dry for nearly two months, broke while the division review was in full swing and deluged the marching troops, the staffs of the Governor and division commander as well as the interested thousands who were grouped in automobiles, carriages, wagons and foot on the immense parade ground."

The storm played havoc with the camp the remainder of the week, with four men killed by lightning and 40 injured and many stunned.

The Sentinel reported on the deaths. First to be killed by lightning was 2nd Lt. Paul Morely of Company B, 1st Infantry, Philadelphia. He was on duty at the Spangler Farm. "There came a flash of light. The men on duty in the tent saw a streak of blue flame run along the iron drain pipe in front of the First Regiment guard tent and leap to the lieutenant's scabbard. The officer pitched forward, face downward in the mud."

Town, Camp Flooded
That was on Tuesday when the storm crashed down on the divisional parade.

Thursday night "came other horrors of a similar sort when three soldiers were killed, about forty

others injured and many stunned. Many tents were swept to the ground when a terrific thunder and wind storm descended upon Camp Hays.

"Rain which bordered on a cloud-burst accompanied the storm, flooding the camp and town. The Young Men's Christian Association tent, which was filled with men and women from Gettysburg and other points, who had taken refuge from the storm, was razed to the ground but fortunately no one was seriously injured."

"The three soldiers killed were Cpl. C. Milton Garber, Company C, Tenth Infantry; Pvt. James A. Barbe, Company K, Tenth Infantry; and Pvt. Clyde Morrison, Company D, Sixteenth Regiment."

Describes Deaths
"Pvt. Barbe was in his tent with a number of his company when a bolt of lightning struck his side arm, a deadly blue flame enveloping his body an instant later."

"His uniform was ripped from his back and his shoes torn from his feet. He fell from his cot, upon which he was sitting, death having been instantaneous."

Pvt. Morrison was standing at the hospital tent in the rear of his regiment. A stroke of lightning hit a tent 100 yards in front of him, went from the tent along the ground until it reached the soldier."

Corporal Garber's head was split in two as though by an axe when the lightning struck him.

"A peculiar fact which was noted at the hospitals where all the men who were killed were first taken was that their legings were ripped along the line of the steel stay. The legings were adopted and issued to the troops shortly before they came to Gettysburg and it is the supposition that the steel attracted the lightning."

Man Struck Blind
"Major C. C. Wiley, surgeon of the Second Brigade, narrowly escaped being killed. He was in the act of boarding a trolley car when a fearful crash of thunder and a blinding flash of lightning came. Major Wiley dropped to the ground and women on the car screamed hysterically. A few minutes work over the officer brought him to. When an effort was made to start the car it was found the lightning had affected it so that it could not be moved."

One of the worst results of shock was sustained by Pvt. Guy Brown,

NLRB HAS CASE ON 'NONUNION' CHURCH PEWS

By NORMAN WALKER
WASHINGTON (AP) — Every-body concerned is appealing the case of the nonunion church pews.

The five-man National Labor Relations Board itself must decide whether an examiner's findings were just right, too hard or too soft.

The case involves complaints by the Endicott Church Furniture Co., Warsaw, Ind., that the Carpenters Union has boycotted installation of Endicott-made pews in churches around Chicago, Minneapolis, New York and Detroit.

Union Lost Election
The union lost an NLRB bargaining rights election held in March 1955 among the 60 employees of the Endicott firm.

The company contends the union since then has been trying to stop churches from installing Endicott pews, as a means of forcing Endicott to capitulate and put its workers under union control.

An NLRB trial examiner, C. W. Whittemore, has ruled there was insufficient evidence at a series of hearings to support these charges.

Promoted Strike
But Whittemore did find that in the case of the Nassau Baptist Church, East Williston, N.Y., the union illegally persuaded union workers to go on strike to stop nonunion Endicott workers from installing pews.

In that instance, the pastor, the Rev. Albert P. Seibert, got the nonunion Endicott men to return to Indiana and had his parishioners finish installing the pews.

Whittemore recommended requiring the Carpenters Union to

Company D of the Tenth, who was stricken blind.

Is Pretty Sight
As of the quality of the men who made up the National Guard of 50 years ago the Sentinel quoted Major John H. Duval of the regular army detail present for the encampment: "It was one of the prettiest sights imaginable to see those Brown and Blue lines moving across the fields and through the woods while the cavalry patrolled the front and flank and the roar of artillery shook the air. The artillery duel was interesting, the cavalry performed its work in splendid shape and the infantry operations were simply marvelous for citizen soldiery. . . . The nation which is defended by men like these is safe from any enemy whatsoever."

SAY ADMIRAL SUICIDE AT SEA

SAN FRANCISCO (AP) — The Navy in investigating the death of Rear Adm. Lynne C. Quigley, who told his wife "You'd be better off a widow" just before his disappearance at sea.

Quigley, 52, vanished from the liner President Cleveland Wednesday about 800 miles off San Francisco. He apparently jumped overboard in a fit of depression. Commander H. D. Ehnman, the liner's master, told newsmen after the ship docked here Thursday.

A Navy board of investigation, headed by Rear Adm. John Q. Owsley, started a formal inquiry. The admiral and his wife were returning from his tour of duty as deputy chief of staff on the joint staff of the commander of U.S. forces in Japan. He had been ordered to San Diego to become commander of Amphibious Group 1, Pacific Fleet.

agree in writing that it would not foment further strikes to prevent installation of Endicott products. Whittemore's report also speaks about Carpenters' pressure on a chapel construction job at the U.S. Air Force base at Bunker Hill, Ind., to prevent installing of Endicott pews. But this was not litigated.

Other incidents of Endicott pew-installing troubles with the union were cited as having occurred at the Edison Park Lutheran Church, Chicago; Mission Covenant Church, Glen Ellyn, Ill.; First Methodist Church, Hopkins, Minn.; Bethlehem Baptist Church, Minneapolis; and Woodlawn Church of God, Royal Oak, Mich. The Endicott firm and the general counsel of the NLRB have appealed to the board, contending that examiner Whittemore went too light on the union. The Carpenters say Whittemore was wrong as to his one finding of illegality concerning the East Williston, N.Y., church strike.

The board hasn't said when it will act.

MISS U. S. A. IS IN FINALS FOR MISS UNIVERSE

LONG BEACH, Calif. (AP) — Miss U. S. A. and 14 foreign beauties remained today in the contest for the throne of Miss Universe. Thirty-five girls held the same hopes Thursday night. But judges slashed the field, and 20 girls, some weeping bitterly, were dropped from the beauty pageant.

Seeking the crown tonight will be:

Miss U. S. A. — Euryline Howell, 18, Bossier City, La.; and The Misses Brazil, Chile, Colombia, Denmark, Germany, Greece, Hawaii, Holland, Israel, Japan, Peru, Poland, Surinam and Sweden.

One Flew, One Cries
The winners were announced before an audience of 4,000 at Long Beach Municipal Auditorium after the 35 appeared individually before the judges, first in bathing suits and then in formal gowns.

Miss Mexico, Elvira Risser, 19, of Mexico City, filed the scene suit in her bathing suit with tears streaming from her eyes.

Miss Uruguay, Graciela Scorza, 18, of Asuncion, wept so hard she couldn't stand. She sat on a bench crying until her chaperone quieted her sobs with cups of cold water and words of comfort.

Thursday night's lucky 15 will be the ones to go through the emotional wringer tonight. Their numbers first will be trimmed to five

Three Children Go Wading And Drown

MARS, Pa. (AP) — "They were just like all kids . . . excited about one thing one time and another thing another time . . . all three were blond-haired and stuck together all the time."

This was Mrs. Herbert Brooks' comment after her three grandchildren, William, 8; Rhonda, 7; and Michael, 6, drowned Thursday in a pond near their home.

The children's mother, Mrs. William Brooks, told firemen the children were wading when one of them apparently fell into deeper water, dragging the others down. She said they always held hands while wading.

"NORTON, Kan. (P) — "I haven't got a chance but I'm having a wonderful time." Strange words from a man seeking the Republican nomination for governor of Kansas, but Harvey F. Crough, a farmer and school teacher from Minneola, said he has no illusions about the outcome.

"Either Clyde Reed or Fred Hall will be nominated," he said Wednesday during a campaign visit here.

However, he is campaigning hard, because "my candidacy gives the Republican voter who might be dissatisfied with the two main contenders a chance to register that dissatisfaction without staying away from the polls."

and then a few minutes later the new Miss Universe will be proclaimed.

3 DEADLOCKED WITH 4 UNDER AT BALTIMORE

BALTIMORE (AP)—Gary Player, the successful South African invader, and two domestic golfers desperately trying to regain the winning touch went into the second round of the Eastern Open Tournament today sharing the lead with 4-under-par 68s.

Deadlocked with Player were Bob Rosburg, Palo Alto, Calif., and Mike Fetick, Yonkers, N.Y.

Although he has won a cool \$15,000 this year by consistently finishing in the money, Rosburg hasn't won a major tournament since the San Diego Open in October 1956. Fetick's last No. 1 haul came two months later in the Sanford Open.

Snead Has 72

Behind the three leaders over the rain-soaked Mt. Pleasant course came four players with 69 — Art Wall Jr., Potomac Manor, Pa.; Lionel Hebert, Lafayette, La.; Wesley Ellis Jr., Ridgewood, N. J.; and Walker Inman Jr., Eglin Air Force Base, Fla.

Lionel's brother, Jay Hebert of Sanford, Fla., was among five players who posted 70. The others were Bill Ezinnicki, the former hockey player from Lynnfield, Mass.; Marty Furgol, Lemont, Ill.; Don Stough, York, Pa.; and John O'Donnell, pro at Mt. Pleasant. The 71 shooters included Nation-

Roy Face Overlooked Despite Fine Hurling

PITTSBURGH (AP)—While nobody's been noticing, diminutive relief pitcher Roy Face of the Pittsburgh Pirates has been blazing his way to an outstanding year.

Thirty-year-old Face, 5-8 and a 155 pounds, made his 35th relief appearance his season Thursday as the Pirates defeated the Los Angeles Dodgers 5-3 to move into fifth place in the National League.

Face has a 3-2 record and is credited with saving 14 games. He came on Thursday for the second day in a row to halt late inning surges. But the native of Stephentown, N. Y., likes to work often.

"It makes you sharper," Face claims. "It gives you better control and working stuff when you work often."

In 1956, Face appeared in 68 games, four short of a major league record.

MIDDLETOWN, R.I. (AP) — Police, fire fighters and Coast-guardmen searched the water off Atlantic beach Thursday night by the light of 50 automobile headlights for Wallace A. Martland, 19, Newport. He had been reported at the beach and presumably had drowned. Later, searchers discovered Martland was home in bed.

al Open champion Tommy Bolt, former Masters, PGA king Jack Burke and 10 others.

The veteran Sam Snead had a 72.

MAY PURCHASE WATERPLANT

BETHLEHEM, Pa. (AP)—The city of Johnstown indicates it may be willing to purchase a water company owned by the Bethlehem Steel Co. plant in Johnstown for 13 million dollars.

Mayor Walter Rose of Johnstown and four city councilmen gave no immediate decision, but said they favored acquisition of the Johnstown Water Co., which now supplies all of the Cambria County community's needs.

Bethlehem Steel officials outlined the proposed sale at a meeting here Thursday with the Johnstown delegation.

Councilman Daniel J. Shields said he went to the meeting with an air of skepticism but became favorably impressed with the plan. Mayor Rose said he and the councilmen would meet next week to map further steps.

Two financing proposals call for the sale of bonds or the formation of an authority.

PREFERS JAIL TO PAYING FINE

PHILADELPHIA (AP)—A university professor's wife is in jail for three days—on principle—rather than let a suburban magistrate talk her into paying a \$10 traffic fine.

Magistrate Ralph Pusey said she was guilty of making a turn on a red light and should pay the fine. Mrs. Rexford B. Hersey said she was innocent. The professor, who teaches industrial relations at the University of Pennsylvania, said he was proud of his wife's principle. He wouldn't pay for her.

"I'll go to jail as a conscientious objector," Mrs. Hersey said at the hearing Thursday night, "just as the signers of the Declaration of Independence were willing to do for their principles."

Whereupon the magistrate gave up the argument and gave her the maximum sentence.

Mrs. Hersey's married daughter said her mother would keep busy in jail working on book reviews for local literary clubs.

Jet Bomber Hits Japanese Village

TOKYO (AP)—A U.S. Air Force jet bomber making a forced landing crashed into a small Japanese village today, killing the pilot and two Japanese boys.

The navigator of the twin-engine B57, 1st Lt. Norman H. Silver, 27, Portland, Ore., a Japanese woman and her two children were seriously injured. Air Force doctors

treated 23 other villagers for lesser injuries.

SECRET TALKS AT U. N. ON IRAQ

UNITED NATIONS, N.Y. (AP) — Secret consultations are going on at the United Nations to settle the thorny issue of Iraqi representation in advance of a Security Council summit meeting.

Qualified sources predicted today the outcome would be the seating of a representative of the new revolutionary regime on the 11-nation Council.

U.N. diplomats are anxious to avoid any East-West ruckus the very outset of a summit meeting. This could happen if the Council got bogged down in an argument over Iraqi representation.

Up to now the Council has not decided whether Hashim Jawad, here to represent the revolutionary regime, should take the place of Abdul Majid Abbas, who has been occupying Iraq's seat.

Abbas' credentials were signed by Fadhil Jamali, former foreign minister now in jail in Baghdad. If the revolutionary regime is recognized, the representative at the summit level would be the Premier, Brig. Gen. Abdel Karim Kassem.

U.N. diplomats are anxious to avoid any East-West ruckus the very outset of a summit meeting.
